We do prefer emails since we can forward your notes to the appropriate departments that will help you. Also, we can receive emails 24/7. It's an effective communication tool.

In short-time you will meet everyone at the college and quickly learn that we are friendly, accessible and love talking to our students. You will be gathering names, email addresses and contact information for just about everyone on our team. Add all of these contacts to your cell phone.

Hey – even the President likes to hear from students! You can contact *President L* at president@walnuthillcollege.edu. Note: His last name is *Liberatoscioli*; that's right – 14 letters! Therefore he decided to make it easier on you and use “president” instead of his last name for his email addresses. Years ago students who couldn't pronounce his last name (who can?!) decided to call him *President L* or *Mr. L*; and it's now a college tradition! His office is located on the first floor of *Perrier Hall*. Schedule a visit; he always has candy and a few good stories.

Add these names, office phone numbers and email addresses to your cell phone NOW!

Note: Staff email addresses are typically the initial of their first name, then their last name followed by walnuthillcollege.edu. Student email addresses include “mail.” If you wish to contact a staff member by email simply use the walnuthillcollege.edu – and leave off the “mail” prefix.
