

All of the information that both incoming students AND family members need

*Upperclassmen volunteers and college staff member will greet you and your family at the “Welcome Tent”*

We will say “*Welcome Home*” to you on Sunday, August 25. The day is filled with lots of activities. You will see a large team of college staff members and upperclassmen volunteers; all there to help you and your family.

There will be a continental breakfast in the “*Welcome Tent*”. You will notice our college staff and the upperclassmen volunteers everywhere; assisting you and answering questions.

You will also enjoy an international lunch in *Bistro Perrier*, with our compliments! New freshmen and their “*Dream Career Team*” AKA parents, siblings, and friends can choose a theme lunch such as American, French, Italian, Greek and Mexican.

After lunch, the new students will have a seminar with *Dr. Morrow, Executive Vice President*. Parents and family members will have a seminar with *President Liberatoscioli*. The seminars last approximately 75 minutes. Attendance is required. The seminar covers all of the details of the *Residential Learning* experience.
